

# VIKING HAUL SERVICE VEHICLE

**FEC's Viking Haul Service vehicle offers the best of both worlds. Great hauling capacity with the service equipment you need for fleet & highway repairs.**

10' all aluminum body

L.E.D. BODY LIGHTS ARE STANDARD ON ALL TRUCKS.

OPTIONAL STROBE LIGHTS AVAILABLE

Our unique modular construction utilizing aircraft-grade fasteners allows this workhorse to stay flexible, yet durable. It also allows the body to be repaired quickly in the case of an accident, minimizing downtime and maximizing profit. Most body parts and tool boxes can be unbolted and quickly changed with pre-painted replacements to keep you working. Your customers demand the best, so should you.

LARGE FRONT BOXES ARE AVAILABLE TO HAUL ALL OF THE TOOLS YOU NEED.

UNIQUE MODULAR CONSTRUCTION

- All-Aluminum Viking Haul Service has standard 48" high body sides.
- Aluminum diamond tread non-skid floor with heavy duty cross members.
- 1300lb electro-hydraulic liftgate or heavy duty rear step is available for rear of body.
- Marine grade wire harness with L.E.D. stop, turn, tail and clearance lights.
- Auxiliary safety and night service light packages are available.
- Many combinations of tool compartments available both above and below floor.
- In-bed gas, diesel, or hydraulic drive air compressor.
- Swing out tool compartment doors with stainless hinges and locks.

OPTIONAL AIRING STATION LETS YOU MONITOR TIRE PRESSURE FROM THE SIDE OF YOUR VEHICLE.
