The Viking Haul service vehicle offers the best of both worlds. Great hauling capacity with the service equipment needed for fleet and highway repairs. Our unique modular construction utilizing aircraft-grade fasteners allows this workhorse to stay flexible, yet durable. It also allows the body to be repaired quickly in the case of an accident, minimizing downtime. Most body parts and tool boxes can be unbolted and quickly changed with pre-painted replacements to keep you working. Your customers demand the best, so should you.
