The Terminator Haul service vehicle offers the best of both worlds. Great hauling capacity with the service equipment needed for fleet and highway repairs. Our unique modular construction utilizing aircraft- grade fasteners allows this workhorse to stay flex ible, yet durable. It also allows the body to be repaired quickly in the case of an accident, minimizing downtime. Most body parts and tool boxes can be unbolted and quickly changed with pre-painted replacements to keep you working. Your customers demand the best, so should you.

Air compressor with PTO/hydraulic drive available under floor or in bed.

Hose reels available in right front compartment. 1/2" X 50' and 3/8" X 50' heavy duty reels with hose end guard, Optional Air Water Oiler shown.

Tool drawers available for carrying small parts and tools.

Optional airing station for easy tire inflation.

48" high sides are standard. 60" and 72" sides are optional.
